

# MOBex<sup>®</sup>

Bringing together mobile working solutions for the housing sector

2011 events

DW Stadium, Wigan  
14th July 2011

Chelsea FC, London  
19th July 2011

## MOBex is the mobile working solutions exhibition.

For organisations within the housing sector, introducing mobile working solutions has been proven to offer huge savings and efficiency benefits, including:

### Organisational Benefits

- Increased productivity
- More accurate reporting
- Effective managing of workers' schedules

### Employee Benefits

- Improved work life balance
- Reduced time on form filling & reports
- Increased Health & Safety

### Environmental Benefits

- Reducing travel to and from offices & headquarters
- Eliminating paper records, thereby reducing carbon footprint

### Customer Benefits

- Faster response rates
- Freeing on-call care workers to provide more adult service each day, and allows access to critical patient information, enabling carers to make informed decisions and provide an enhanced service

In a recent survey of IT professionals, 20% cited mobile and remote working as being their most strategic goal for the next three years.\*

MOBex will provide you with the opportunity to explore and evaluate new and existing mobile working solutions, in one venue, on one day.

In addition, organisations who are already successfully using mobile working solutions will be attending the event, giving you the opportunity to meet and share advice and good practice first hand.

Attendance is **FREE** with lunch and refreshments included for up to 10 people from your organisation.

To **pre register** your **free delegate place** or for **exhibitor enquiries** please contact: **Lynda Redshaw** on **0191 566 1000** or email [lynda.redshaw@northern-consortium.org.uk](mailto:lynda.redshaw@northern-consortium.org.uk)
