Housing Supply and the Economy

In the final quarter of 2012, there were 100 new dwelling starts and 50 dwelling completions in Trafford LA area. Half of all starts were in the social sector while all completions were in the private sector. Dwelling starts have grown from 40 in the previous quarter but fallen from 120 in the corresponding quarter in 2011.

Research by Northern Housing Consortium and Sheffield Hallam University into the contribution housing makes to the [economy in the north](#) shows that between local authorities, ALMOs and registered housing providers, £10.3bn worth of output expenditure was made in the North in 2011/12, supported 116,000 jobs and 8,400 new homes were built in the previous year.

Recently released figures show that there are a total of 1,412 unemployed in the constituency (2.4% of the working aged population). This represents a 1.3% decrease on the same point in 2012. Some 3.3% of working-aged males and 1.5% of their female counterparts were claiming unemployment benefits in March 2013 and while male figures fell by 4.6% on the previous year, figures for females grew by 6.9% in the same period.

ONS data shows a higher proportion of smaller households with over three-fifths of households (62%) having either one or two people living in them. Three-person households make up 16.5% of households. Figure 1 below shows the proportions of all households in the constituency and how this compares with regional figures.
