Welfare Reform

[Real Life Reform](#) report is the result of a partnership between Northern Housing Consortium, seven registered providers and York University. Some findings emerging from the first report are that 65% of households have less than £10 per week to live on following rent and essentials such as food and bills. 83% of households are in debt (average £2,418). Households are reporting increased levels of stress and depression.

The Trussell Trust's latest figures show that more people are being referred to foodbanks with Benefit related problems since April's welfare reforms. Between April and June, over 150,000 people received three days' emergency food from a Trussell Trust foodbank - 200% more than the same period in 2012. The nearest foodbank to the constituency is in Cockermouth.

The number of Housing Benefit claimants in the social sector has risen in the constituency since the implementation of the under-occupation penalty. Such claims grew by 0.8% between March and May this year. Meanwhile, claims of Local Housing Allowance in the private sector grew by 3.9% in the same period compared with a Cumbria average increase of 1.5%.

While the average Housing Benefit award grew by 1.4%, the average weekly LHA award grew by 0.2% and by multiplying the number of claimants by average weekly award an overall weekly LHA cost increase of 4.2% (£4,523) can be estimated. Figure 1 shows how average costs have changed over this period by dwelling size.

Housing Market

Ministry of Justice data shows that in the Carlisle LA area, social landlord possession claims in the first two quarters of 2013 stood at 78. This compares to 56 claims in the corresponding timeframe in 2012 – a 39.3% increase. Landlord possessions stood at 17 compared to 12 in the corresponding timeframes. In the private sector (rented and mortgage), while claims fell by 38.2%, possessions fell by 25.8%.

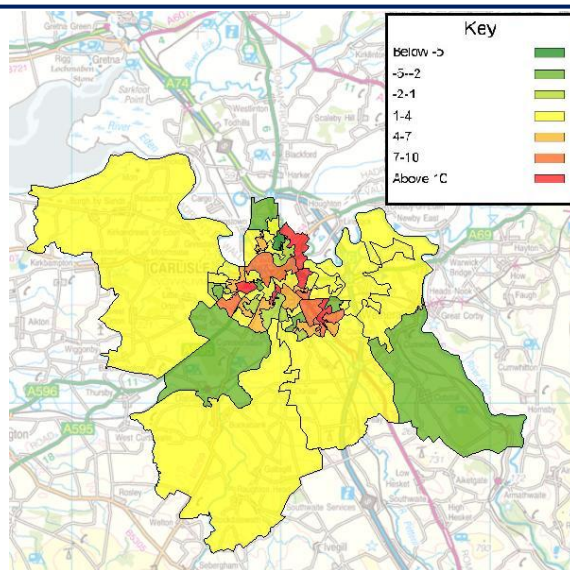

According to ONS figures, the population in the constituency grew by 3.1% from 83,356 in 2010 to 85,962 in 2011. The map below shows the population change by lower super output area and that the greatest population increase has taken place in the LSOA covered by the Harraby ward (14.4%) and parts of Stanwix Urban ward have seen greatest decrease (-7%) (note: data is not available for some LSOAs in 2011).

CORE data shows that social housing lettings have fallen in the Carlisle LA area from 1,050 in 2011/12 to 931 in 2012/13 – a decrease of 11.3%. This compares to an overall increase of 3.5% in Cumbria.

In the year ending in March 2013, there were 843 decisions made by the planning authority in Carlisle LA area. Some 130 of these (15.4%) were regarding developments for housing. This represents 22.1% of all housing-related decisions in Cumbria.
