### Welfare Reform

[Real Life Reform](#) report is the result of a partnership between Northern Housing Consortium, seven registered providers and York University. Some findings emerging from the first report are that 65% of households have less than £10 per week to live on following rent and essentials such as food and bills. 83% of households are in debt (average £2,418). Households are reporting increased levels of stress and depression.

The Trussell Trust's latest figures show that more people are being referred to foodbanks with Benefit related problems since April's welfare reforms. Between April and June, over 150,000 people received three days' emergency food from a Trussell Trust foodbank - 200% more than the same period in 2012. There is one foodbank in the constituency, in Hazel Grove Baptist Church.

The number of Housing Benefit claimants in the social sector has remained the same since the implementation of the under-occupation penalty at 3,226). Meanwhile, claims of Local Housing Allowance in the private sector grew by 1.7% in the same period compared with a Greater Manchester average increase of 1.8%.

While the average Housing Benefit award grew by 0.8%, the average weekly LHA award grew by 0.7% and by multiplying the number of claimants by average weekly award an overall weekly LHA cost increase of 2.4% can be estimated (£2,247.20). Figure 1 shows how average costs have changed over this period by dwelling size.
