A number of sources report that households affected by the spare room subsidy cannot move due to a lack of suitable accommodation. Data released by the Department of Communities and Local Government in October shows that a total of £456,084 was allocated to Wigan Council in Discretionary Housing Payment funding. Of that, £135,677 has been committed (29.7%). The greatest demand on this (£84,580) was to support 449 households affected by the removal of spare room subsidy in the social rented sector.
