

## **Wallasey Parliamentary Constituency**

This is the first bulletin of 2014 produced by Northern Housing Consortium (NHC) providing analysis of housing-related data for the Parliamentary Constituencies in the North of England. The report provides analysis of the impacts of welfare reform and the housing market in the constituency.

We have used the following symbols to indicate your performance against the relevant regional or national statistics.

## **Welfare Reform**

The third Real Life Reform report found an increase in the average debt of respondents taking part in the study (£3,503) with debt repayments increasing by 58% since October. 46% of participants report having nothing left each week to live on once rent and essentials such as food and bills have been paid.

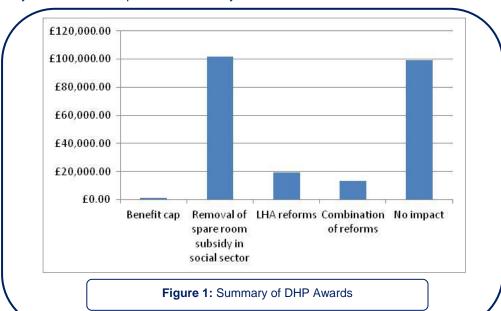

Last year we reported that in Wallasey, 5,706 children live in poverty – 28% of the child population in the constituency. According to figures by The Children's Society, 4,577 children in poverty are estimated to miss out on the warm home discount in the constituency.

A number of sources report that households affected by the spare room subsidy cannot move due to a lack of suitable accommodation. In the first three quarters of 2013/14, there were 1,123 general needs lettings in Wirral (CORE data). This compares to 960 lettings in the same period of 2012/13 (a 16.9% increase).

Data released by the Department of Communities and Local Government in October shows that a total of £917,214 was allocated to Wirral Council in Discretionary Housing Payment funding. Of that, £235,206 has been committed (25.6%). The greatest demand on this (£101,902) was allocated to support 310 households affected by the removal of spare room subsidy in the social rented sector.

## **Housing Market**

The Chancellor announced in his Budget Statement that the Help to Buy Equity Loan scheme will be extended until March 2020. Since its launch on 1<sup>st</sup> April 2013 to the end of February 2014, a total of 35 homes were bought in Wirral with support of the scheme. This represents 8% of the 390 completed equity loans in the Merseyside.

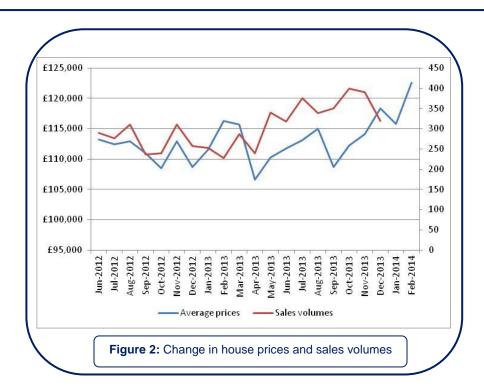

Average house prices in Wirral in February 2014 stood at £122,618 an increase of 5.4% on the same period in 2013. This is being driven by sales volumes being on a general upward trend, ending on 319 in December 2013 compared with 257 in December 2012.

Vacant dwellings have been on a general downward trend since 2008. In October 2013 there were a total of 5,424 vacant dwellings in Wirral compared with 6,282 in 2008. Of the 2013 figure, 464 were owned by housing associations. Long-term vacants have fallen by 30.9% since 2008.

In 2012/13, Wirral Council made a total of 305 homeless decisions. Of these, 165 applicants were accepted as being homeless and in priority need (54.1%). The number accepted as being homeless equates to 1.21 per 1,000 households in the borough – up from 0.74 in 2011/12 and 0.57 in 2010/11.
