Welfare Reform

The third [Real Life Reform](#) report found an increase in the average debt of respondents taking part in the study (£3,503) with debt repayments increasing by 58% since October. 46% of participants report having nothing left each week to live on once rent and essentials such as food and bills have been paid.

A number of sources report that households affected by the spare room subsidy cannot move due to a lack of suitable accommodation. In the first three quarters of 2013/14, there were 1,025 general needs lettings in Calderdale (CORE data). This compares to 1,102 lettings in the same period of 2012/13 (a 6.9% decrease).

Data released by the Department of Communities and Local Government in October shows that a total of £383,941 was allocated to Calderdale Council in Discretionary Housing Payment funding. Of that, £61,828 has been committed (16.1%). The greatest demand on this (£27,739) was to support 136 households affected by the removal of spare room subsidy in the social rented sector.
