Welfare Reform

The third [Real Life Reform](#) report found an increase in the average debt of respondents taking part in the study (£3,503) with debt repayments increasing by 58% since October. 46% of participants report having nothing left each week to live on once rent and essentials such as food and bills have been paid.

Last year we reported that in Wentworth and Dearne, 4,722 children live in poverty – 22% of the child population in the constituency. According to figures by The Children's Society, 2,273 children in poverty are estimated to miss out on the [warm home discount](#) in the constituency.

A number of sources report that households affected by the spare room subsidy cannot move due to a lack of suitable accommodation. In the first three quarters of 2013/14, there were 1,789 general needs lettings in Rotherham (CORE data). This compares to 1,646 lettings in the same period of 2012/13 (an 8.7% increase). Lettings of one-bedroom properties fell by 8.5% (Q3 2013/14 compared to Q3 2012/13).

Data released by the Department of Communities and Local Government in October shows that a total of £437,763 was allocated to Rotherham Council in Discretionary Housing Payment funding. Of that, £256,524 has been committed (58.6%). The greatest demand on this (£166,291) was to support 538 households affected by the removal of spare room subsidy in the social rented sector.
