

Place Based Population Health : The Role for Housing

Thursday 17th October 2019 | The Studio, Leeds

9.30	Registration & refreshments
10:00	Chairs Welcome <i>Andrew van Doorn, CEO, HACT</i>
10.10	Opening Address: How will Integrated Care develop over the next five years <i>Dr Sara Munro, CEO of Leeds and York Partnership Trust.</i> <p>The NHS is developing Integrated Care Systems and seeking to develop a more ‘population based’ approach to peoples’ health that will be delivered at different levels of ‘place’. Sarah will talk about her experience of integrated working and how she sees the system developing over the next five years. She will share her views on how housing has contributed to date and now as providers of mainstream housing and supported housing, as investors in communities, as asset development partners and partners in developing the workforce. Sarah will discuss the NHS approach to place and how she sees population health developing at the level of place so that housing organisations could see where they could best contribute and achieve business growth.</p>
10.45	The Development of Population Based Health at the Level of Place: The Primary Home Experience <i>Dr Caroline Taylor, NHS Calderdale CCG.</i> <p>Working together across primary and community health services is central to the long-term plan, as well as being at the heart of the National Association of Primary Care’s primary care home model, which is an advanced primary care network. Caroline will explore how to make it happen, how to overcome the challenges and look at the difference it can make for patients, staff and the health system.</p>
11.15	Panel Session: The role of housing in population health and the development of place <i>Dr Caroline Taylor, NHS Calderdale CCG.</i> <i>Charlie Norman, CEO St Vincent Mosscaire</i> <i>Rachael Byrne, Executive Director, New Models of Care</i> <i>Andrew van Doorn, CEO, HACT</i> <ul style="list-style-type: none"> • How does this work in practice? • How can we work together at a neighbourhood and system wide level to improve the health and well-being of our tenants and residents?

	<ul style="list-style-type: none"> How can we solve some of the issues facing the health sector through greater cooperation, particularly workforce issues?
11.45	<p>The NHS long-term plan: What does it mean for greater collaboration to address homelessness?</p> <p><i>Gill Leng, Health and homelessness adviser, Jointly Department of Health and Social Care and Ministry of Housing, Communities and Local Government</i></p> <p>Many of the unprecedented number of homeless people living in our cities and towns have mental health problems or complex health needs. These need an integrated response from the health and housing sectors. Gill will outline her vision about how health and housing response could respond.</p>
12.15	<p>Lunch & Networking</p>
13.15	<p>The Role of Social Prescribing in Population Health.</p> <p><i>Gez Kellaghan, Community Regeneration Manager, Peabody Sponsored by the Centre for Excellence in Community Investment</i></p> <p>Increasingly the NHS is seeing social prescribing as a way of helping health practitioners' direct patients to non-clinical services within their communities. Gez will talk about how housing associations can leverage their social investment activity to the benefit of their residents and in particular their health and well-being.</p> <p><i>This session is sponsored by the Centre for Excellence in Community Investment.</i></p>
13.45	<p>Professional Practice Sessions: What is housing's contribution to place?</p>
PPS1	<p>Housing's Contribution to Integrated Care System (ICS): The Wakefield Experience</p> <p><i>Sarah Roxby, Associate Director Health, Housing and Transformation, WDH & NHS Wakefield CCG</i> <i>Ian Holmes, Director of West Yorkshire and Harrogate Partnership (ICS)</i></p> <p>Sarah and Ian will share how housing organisations are integrated into the work of their local integrated partnership and the practical steps they have taken to ensure that there is integration at all levels of the system.</p>
PPS2	<p>Community Investment: Can we align investment across neighbourhoods to deliver even greater benefits for local residents.</p> <p><i>Marsha McAdam (tbc),</i> <i>Peter Molyneux</i> <i>Charlie Norman, CEO St Vincent Mosscare</i></p> <p>Key to the effectiveness of the long-term plan is local organisations working to prevent ill-health with individuals and communities. Community investment by housing associations is one of the hidden gems of the movement. How can we use the development of the long-term plan to improve the lives of local residents and deliver business growth?</p>
PPS3	<p>Older People: How we use place-based responses as a way of improving peoples' experience of older age.</p> <p><i>Andrew van Doorn, CEO, HACT</i></p>

	Key to the success of Primary Care Networks and population health will be improving the experience and health outcomes of older people. We will explore how the providers of designated housing for older people can work within the new structures to deliver greater well-being for residents and greater tenant satisfaction.
14.45	Professional Practice Sessions
PPS4	<p>Housing's Contribution to Integrated Care System (ICS): The Wakefield Experience <i>Sarah Roxby, Associate Director Health, Housing and Transformation, WDH & NHS Wakefield CCG</i> <i>Ian Holmes, Director of West Yorkshire and Harrogate Partnership (ICS)</i></p> <p>Sarah and Ian will share how housing organisations are integrated into the work of their local integrated partnership and the practical steps they have taken to ensure that there is integration at all levels of the system.</p>
PPS5	<p>Community Investment: Can we align investment across neighbourhoods to deliver even greater benefits for local residents. <i>Marsha McAdam (tbc),</i> <i>Peter Molyneux</i> <i>Charlie Norman, CEO St Vincent Mosscare</i></p> <p>Key to the effectiveness of the long-term plan is local organisations working to prevent ill-health with individuals and communities. Community investment by housing associations is one of the hidden gems of the movement. How can we use the development of the long-erm plan to improve the lives of local residents and deliver business growth?</p>
PPS6	<p>Older People: How we use place-based responses as a way of improving peoples' experience of older age. <i>Andrew van Doorn, CEO, HACT</i></p> <p>Key to the success of Primary Care Networks and population health will be improving the experience and health outcomes of older people. We will explore how the providers of designated housing for older people can work within the new structures to deliver greater well-being for residents and greater tenant satisfaction.</p>
