

**Together, we can do more**  
 A roadmap for the future of social value in social housing

## The roadmap: stage 1

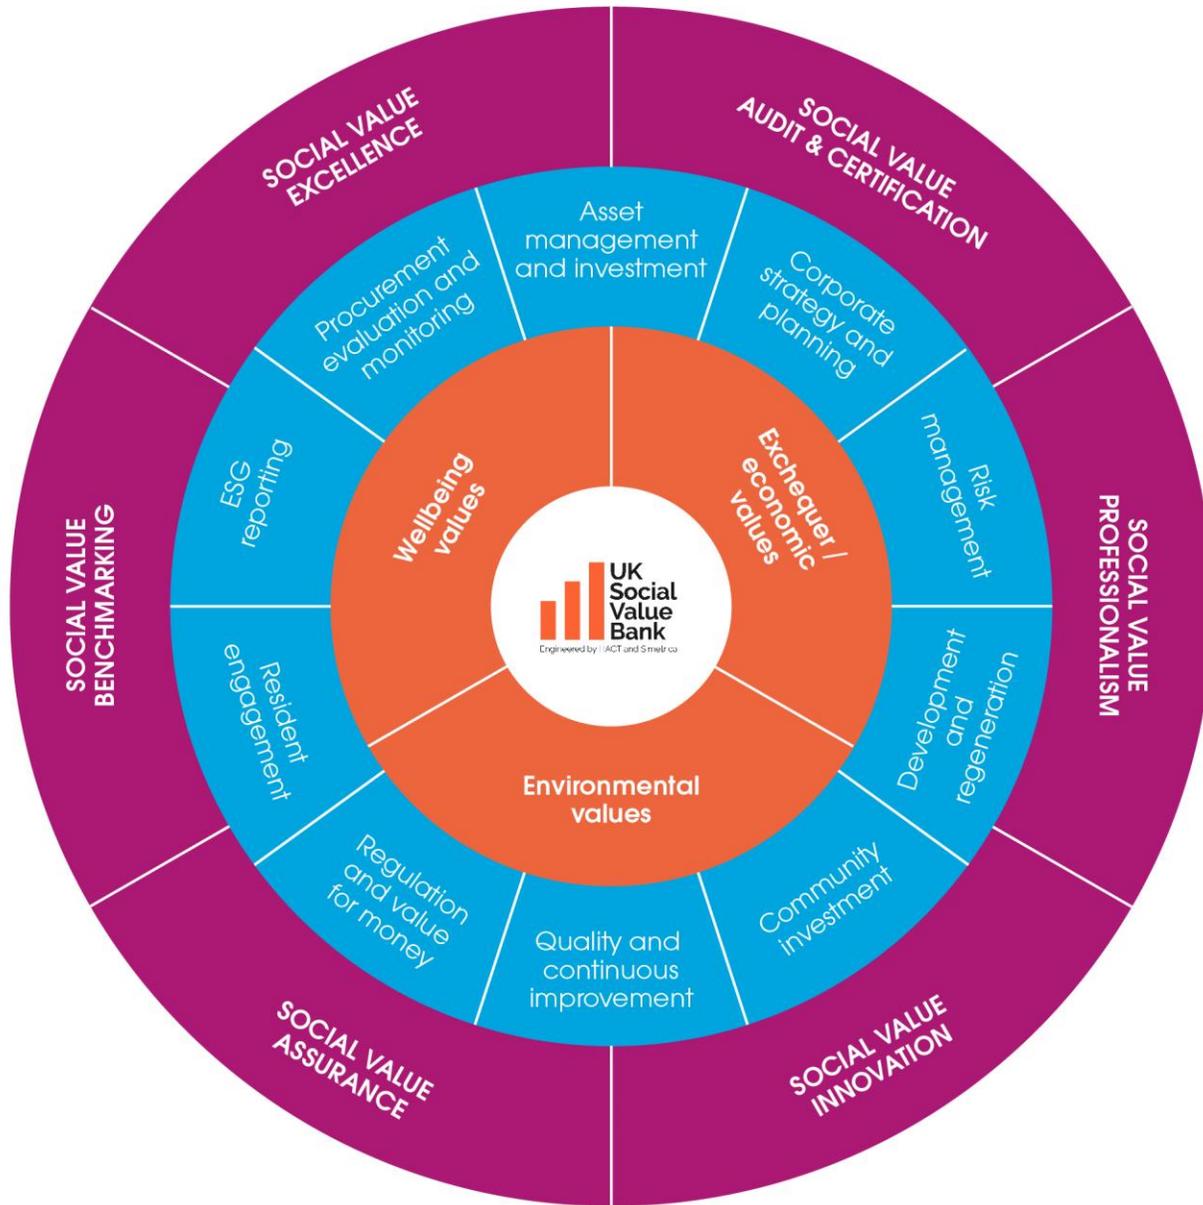

Expanding the UK Social Value Bank with a broader set of wellbeing values, a new set of economic values and a new set of environmental values.

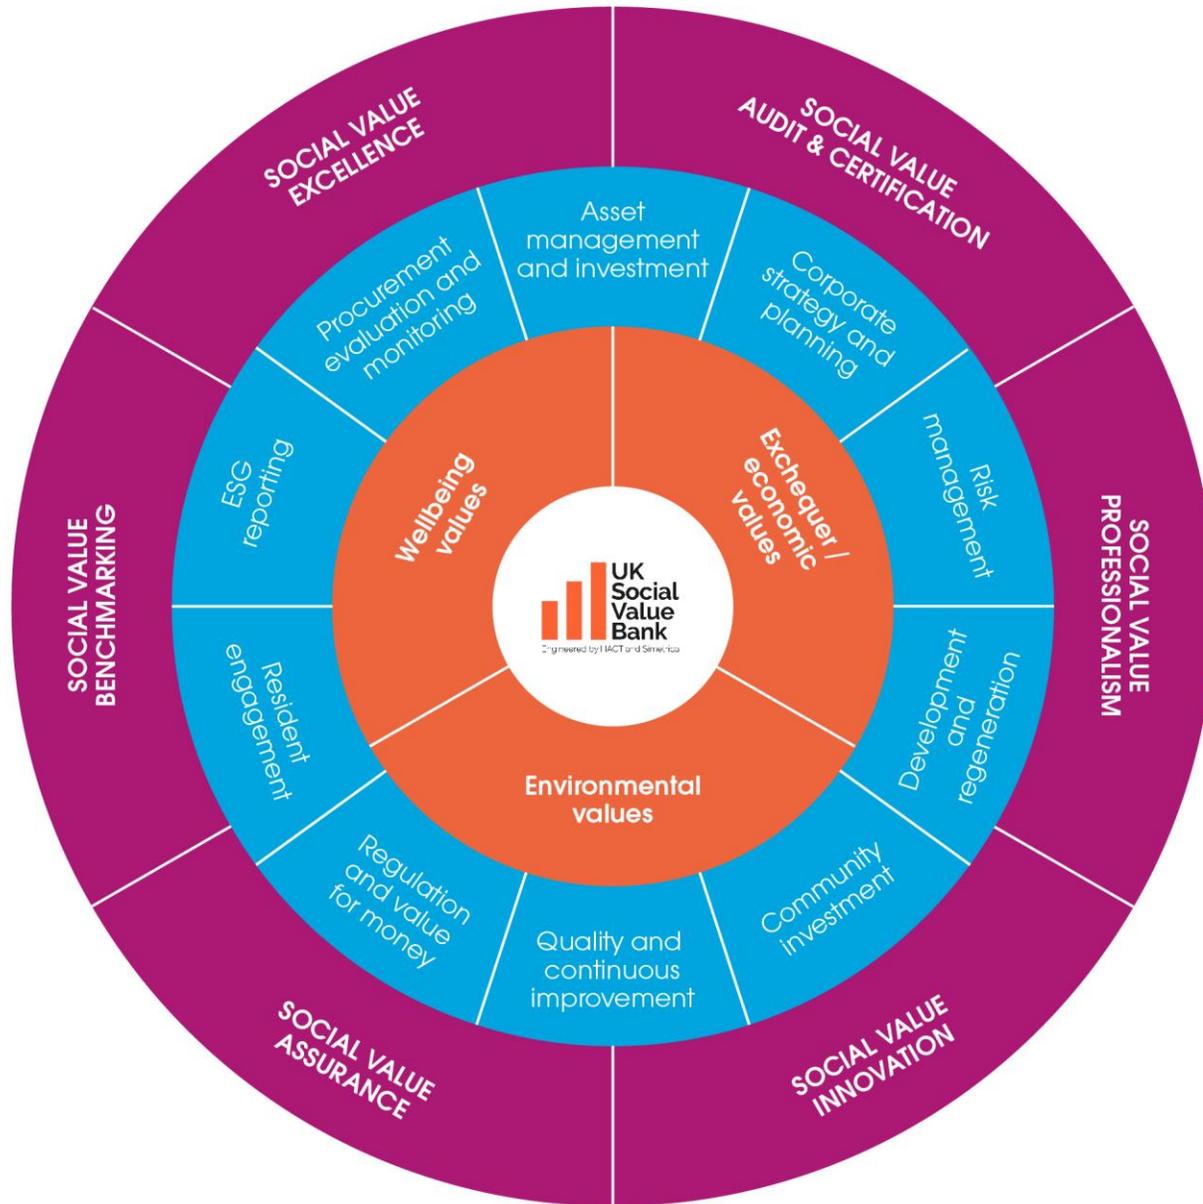

## The roadmap: stage 2

Developing tools to enable social housing organisations to apply social value metrics across their business.

## The roadmap: stage 3

Develop a range of services for social housing organisations to apply the UK Social Value Bank to the business of -social housing

## Together, we can do more

A roadmap for the future of social value in social housing

-  Stage 1: Expanding the UK Social Value Bank
-  Stage 2: Developing tools to use the UK Social Value Bank
-  Stage 3: Applying the UK Social Value Bank to the business of social housing

Need to raise £650K to deliver the Roadmap (each organisation contributing between £5K - £50K)

Main income needed in the first 18-24 months for rapid development of new values and tools.

Key audiences:

- Social housing organisations
- Investment Funds (ESG angle)
- Auditors
- Procurement consortia
- Contractors and developers
- Innovation funds

Currently have 37 organisations joining the collaboration
